As a client I want to Buy a house without a big offer so want  
app to help me to find a good houses to buy in different places

Also want a way to chat with broker to talk to him to see the  
building in real and to talk to him about the price

And want to pay online with the bank I deal with no cash

And want a page for settings to put my image on it and see all the settings and things I can castamized it as I like
